

## Cookie Policy

We would like to inform you about the types of cookies used on our website, the purposes of using these cookies, and how you can configure, manage, and delete them.

You may visit our website without providing any personal information and can meet your needs by obtaining information about our products and services. During your visits, certain cookies are used to collect information related to site usage. Our purpose here is to provide convenience to users visiting our website and to improve the overall operation of the site.

### What is a Cookie?

A cookie is a small text file stored on your computer or mobile device through your browser when you visit a website. Cookies help a website function more efficiently and allow personalized pages to be presented to provide a more suitable and faster browsing experience tailored to your needs. Cookies contain only information related to your browsing history online and do not collect any information about files stored on your device.

### Types of Cookies and Purposes of Use

Based on validity periods, cookies are categorized as Persistent Cookies and Session Cookies. Session cookies are created while you are visiting the website and remain valid only until you close your browser. Persistent cookies, on the other hand, are created when you visit the website and remain until you delete them or until they expire. Persistent cookies are used for operations such as offering a personalized experience based on your settings.

1

**Cookie types and usage purposes are explained below:**

<b>Strictly Necessary Cookies</b>	These cookies are essential for the proper functioning of our website. For example, they are used to ensure authentication or to prevent the loss of information related to your current session. These cookies are used for purposes such as security and verification and are not used for marketing purposes.
-----------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<b>Functionality Cookies</b>	These cookies enable the website to remember the preferences of users who visit our site. For example, they allow language preferences or text size selections to be remembered. If you do not allow the use of such cookies, certain personalized features may not function, and your preferences may not be retained.
<b>Performance and Analytics Cookies</b>	These cookies help improve our website. They collect information about how visitors use the site, monitor whether the site is functioning properly, and detect any errors that occur.
<b>Targeting and Advertising Cookies</b>	These cookies are used to promote our products and services on our website or on third-party platforms, show relevant and personalized ads together with our business partners, and measure the effectiveness of advertising campaigns.

### How Are Cookies Collected?

Data is collected through the devices you use to access browsers. These collected details are specific to each device. Users may delete them at any time and restrict access to the data.

### Our Privacy Policy

Your privacy is important to us; your rights to privacy and security are our fundamental principles. You may access our personal data protection notice [here](#).

### How Can You Control Cookies?

You may delete cookies already stored on your computer and prevent cookies from being stored/placed through your internet browser.

Internet browsers are preset to automatically accept cookies. Since cookie management varies from browser to browser, you may refer to your browser's or application's help menu for detailed information.

For example:

Google Chrome → Settings → Advanced → Privacy and Security → Site Settings → Cookies and Site Data → “Allow sites to save and read cookie data”

Internet Explorer → Settings → Internet Options → Privacy → Advanced Settings

Most internet browsers allow you to:

- View and delete stored cookies
- Block third-party cookies
- Block cookies from specific websites
- Block all cookies
- Delete all cookies when the browser is closed

If you choose to delete cookies, your preferences on the relevant website will also be removed. Additionally, if you completely block cookies, our websites and some features may not function properly.

### **To Control Cookies on Your Mobile Device:**

#### **On Apple Devices:**

- Settings → Safari → Clear History and Website Data
- To delete cookies but keep your browsing history: Settings → Safari → Advanced → Website Data → Remove All Website Data
- To prevent browsing data from being stored while visiting sites: Safari → icon → Private → Done
- To block all cookies: Settings → Safari → Block All Cookies

Note: Blocking cookies may cause some websites and features to function improperly.

#### **On Android Devices:**

- Chrome App → Settings → Privacy → Clear Browsing Data → Cookies, media licenses, and site data → Clear Data
- Chrome App → Settings → Site Settings → Cookies (allow or block cookies)
